AUREON 5.1 USB MKII

The flexible sound solution for at home and on the go!

Whether it be for your next multimedia presentation, the most recent film highlights on DVD, MP3 songs, or a thrilling soundstage for your high-end games: with the Aureon 5.1 USB MKII you can enjoy first-class sound over 6 channels.

On your home PC, or on the go with your notebook. And all this without the nuisance of a complicated installation and configuration process. You don't need special drivers or a separate power supply. Just plug it into the USB port, and you're ready to go!

Genuine surround sound over 6 channels with analog outputs and inputs, gold-plated connections, digital inputs/outputs as well as microphone and line-level inputs. Additionally, the Aureon 5.1 USB MKII has a headphone jack.

The Aureon 5.1 USB MKII is not just perfect for mobile use, it can be installed quickly via Plug&Play. This little sound machine also offers everything else you expect from a good audio card. For pure listening pleasure, particularly for your DVD software, this card supports current surround sound standards.
